# Deliverables 1

App Overview

The Productivity App is designed for those needing all their notes, reminders and calendar in one app! The user will sign up for the app and will then be taken to their dashboard. The dashboard will have a navigation bar that has tabs for Notes, Calendars and Reminders. When in notes, user will be able to create new notes, save and delete. When in reminders, user will be able to save and delete reminders as well as get an alert for said reminders. When in calendar, user will be able to create new events, save and delete said events.
